2.4 If you consider the Maldon District LDP to be unsound or not legally compliant please explain why in the box below. Please be as precise as possible. Please also use this space for any comments in support of the LDP.

If the box is not big enough for your comments, please attach another page marked appropriately.

To be clear, my objection is primarily regarding the proposed South Maldon Garden Suburb developments of over 1300 new houses although is equally applicable to the other large housing developments.

Whilst I appreciate the need for additional housing nationally, the infrastructure in Maldon is just not suited to this scale of increase.

Focus should be placed on improving the current facilities such as central parking or free local bus services to encourage use of the High Street local businesses and not to build big sprawling developments on the edge of town, too far for most people to walk to local amenities.

The traffic in and out of Maldon is bad enough at the moment, this increase in housing, combined with the lack of train or affordable public transport will put a terminal strain on the road network.

Drastically scale down or preferable cancel the proposed Garden Suburb developments.
