8<sup>th</sup> March 2014

Dear Sirs,

Re: The Maldon District Local Development Plan

Please find attached the response from Essex Bridleways Association with regard to the current public consultation of the new Local Development Plan. As requested by Emily Hall in her email to me of 6<sup>th</sup> March, I attach a completed form Part 1, together with individual Part 2 forms for each of the Policies S1, S2, S3, S4, S5, S6, S7, S8, D1, D3, E1, E5, N1, N3, T1, T2, I1 and Proposals Map. I have also included one copy of the Part 2 points 2.6/ 2.7 form as this covers all of our responses which I trust is acceptable.

As discussed with Emily, our responses relate to rights of way and our evidence relating to these covers all our concerns with the Policies as written, and would ask that this supplementary evidence document is read in conjunction with each of our Policy responses on the forms in Part 2.

I trust that this is in order but please let me know if you need any further information to enable the Inspector to consider our submission. I therefore look forward to receiving the updates on the progress of the Plan in due course.

Yours faithfully,

P	S	C					/

**2.2 Do you consider the Maldon District Pre-Submission LDP to be ... (✓ as appropriate)**

**a. Legally compliant**

NO ☐

To be legally compliant the LDP has to be prepared in accordance with the Duty to Co-operate and legal and procedural requirements. This is required by Government guidance.

**b. Sound**

YES ☐

NO ☒

To be 'sound' a Local Plan should be positively prepared, justified, effective and consistent with national policy. This is required by Government guidance.

If you do not consider the LDP to be sound, please complete section 2.3 below

**2.3 Do you consider the Maldon District to be unsound because it is not ... (✓ as appropriate)**

**a. Positively prepared**

To be positively prepared the Plan should be prepared on a strategy which seeks to meet objectively assessed development and infrastructure requirements

**b. Justified**

To be justified the Plan must be:

- Founded on a robust and credible evidence base
- The most appropriate strategy when considered against the reasonable alternatives

**c. Effective**

To be effective the Plan must be:

- Deliverable;
- Flexible;
- Able to be monitored

**d. Consistent with National Policy**

After this stage, further submissions will only be invited at the request of the Planning Inspector, based on the matters and issues the Inspector identifies for examination.

- 2.4.** If you consider the Maldon District LDP to be unsound or not legally compliant please explain why in the box below. Please be as precise as possible. Please also use this space for any comments in support of the LDP.

If the box is not big enough for your comments, please attach another page marked appropriately.

**Policy T2 – Accessibility**

In our opinion, this Policy does not accommodate the equestrian sector in this Policy. As will be seen from our supporting evidence document, the equestrian sector is not currently considered within its objectives – in fact the whole sector is largely ignored within the Plan.

The NPPF requires that various documents are taken into consideration when any Plan is drawn up, one of these being the HASPST and this, as detailed in our evidence document, does require that equestrians are considered within any transport policies.

We are also extremely disappointed that Point 3 has made absolutely no mention of bridleways. We therefore consider the Plan to be unsound as it largely ignores or considers the equestrian sector within this Policy.

**2.5.** Please explain in the box below what change(s) you consider necessary to make the Maldon District LDP legally compliant and sound.

Please be as precise as possible. Please explain why this change will make the Maldon District LDP legally compliant and sound. It will be helpful if you are able to put forward any suggested revised wording of the policies or supporting text.

If the box is not big enough for your comments, please attach another page marked appropriately.

The following are our comments which in our opinion will make the Plan sound:

**Policy T2 Accessibility**

Point 3 should be amended to read *"Improve accessibility to the countryside and the natural environment and to enhance and protect the provision of Public Rights of Way, especially where the bridleway access against footpath access imbalance within the District can be addressed"*.

Our comments relating to Policy T1 are also relevant to this policy with regard to the imbalance of bridleway and footpath access.

**2.6 Do you consider it necessary to attend and give evidence at the hearing part of the examination? (✓ as appropriate)**

NO, I wish to communicate through written representations

☐

YES, I wish to speak to the Inspector at the hearing sessions

☒

Please note: The Inspector will determine the most appropriate procedure to hear those who have indicated that they wish to participate at the hearing part of the examination

**2.7 If you wish to participate at the hearing part of the examination, please outline why you consider this to be necessary**

If the box is not big enough for your comments, please attach another page marked appropriately.

The equestrian sector has been largely ignored by successive councils in the past resulting in a fragmented network of public access within the Essex area, and to some extent, countrywide.

The Essex Bridleways Association seek to redress this anomaly and would very much appreciate the opportunity to set out to the Inspector the benefits that an enhanced public right of way network could bring. This it feels can be better presented in person than relying on the written representations which are not always interpreted in the same way by all those who read them.

This is the end of Part 2 (Regulation 19 and 20) of the response form. Please complete this form for each representation you wish to make. You only need to complete Part A once. Please submit all of your response forms together.
