8th March 2014

Dear Sirs,

Re: The Maldon District Local Development Plan

Please find attached the response from Essex Bridleways Association with regard to the current public consultation of the new Local Development Plan. As requested by Emily Hall in her email to me of 6th March, I attach a completed form Part 1, together with individual Part 2 forms for each of the Policies S1, S2, S3, S4, S5, S6, S7, S8, D1, D3, E1, E5, N1, N3, T1, T2, I1 and Proposals Map. I have also included one copy of the Part 2 points 2.6/ 2.7 form as this covers all of our responses which I trust is acceptable.

As discussed with Emily, our responses relate to rights of way and our evidence relating to these covers all our concerns with the Policies as written, and would ask that this supplementary evidence document is read in conjunction with each of our Policy responses on the forms in Part 2.

I trust that this is in order but please let me know if you need any further information to enable the Inspector to consider our submission. I therefore look forward to receiving the updates on the progress of the Plan in due course.

Yours faithfully,

- 2.4.** If you consider the Maldon District LDP to be unsound or not legally compliant please explain why in the box below. Please be as precise as possible. Please also use this space for any comments in support of the LDP.

If the box is not big enough for your comments, please attach another page marked appropriately.

Policy I1 – Infrastructure and Services

It is noted that Developers will be encouraged to liaise with infrastructure providers as early as possible in the development planning process. We support this approach and hope that other user groups such as the equestrian sector will also be consulted on schemes at an early stage. Essex Bridleways Association would be very keen to work with the Council on any planning of such schemes so that all users' needs are taken into account at the planning stage.

2.5. Please explain in the box below what change(s) you consider necessary to make the Maldon District LDP legally compliant and sound.

Please be as precise as possible. Please explain why this change will make the Maldon District LDP legally compliant and sound. It will be helpful if you are able to put forward any suggested revised wording of the policies or supporting text.

If the box is not big enough for your comments, please attach another page marked appropriately.

The following are our comments which in our opinion will make the Plan sound:

Policy I1 Infrastructure and Services

It is noted in point 8.4 of the Policy Clarification that Developers will be encouraged to liaise with infrastructure providers as early as possible in the development planning process. We therefore request that Essex Bridleways Association is added to the list of Consultees for future planning applications for large-scale development so that it is able to comment on the infrastructure provision at an early stage.

2.6 Do you consider it necessary to attend and give evidence at the hearing part of the examination? (✓ as appropriate)

NO, I wish to communicate through written representations

☐

YES, I wish to speak to the Inspector at the hearing sessions

☒

Please note: The Inspector will determine the most appropriate procedure to hear those who have indicated that they wish to participate at the hearing part of the examination

2.7 If you wish to participate at the hearing part of the examination, please outline why you consider this to be necessary

If the box is not big enough for your comments, please attach another page marked appropriately.

The equestrian sector has been largely ignored by successive councils in the past resulting in a fragmented network of public access within the Essex area, and to some extent, countrywide.

The Essex Bridleways Association seek to redress this anomaly and would very much appreciate the opportunity to set out to the Inspector the benefits that an enhanced public right of way network could bring. This it feels can be better presented in person than relying on the written representations which are not always interpreted in the same way by all those who read them.
