2.4 If you consider the Maldon District LDP to be unsound or not legally compliant please explain why in the box below. Please be as precise as possible. Please also use this space for any comments in support of the LDP.

If the box is not big enough for your comments, please attach another page marked appropriately.

The identification of the Maldon and Heybridge Central Area as a focal point for retail, commercial, industrial, community and tourism activities is welcomed, as is the recognition that the Causeway Regeneration Area should accommodate mixed use development.

However, the requirement for development within the Central Area to take place in accordance with a masterplan which has not yet been published (notwithstanding a commitment in the Local Development Scheme that it will be produced prior to the adoption of the LDP) cannot form an effective, flexible or justified policy basis for its development and regeneration.

In the absence of the masterplan it is not possible to identify, whether, on the basis of current policy wording, it is intended that comprehensive development is required in some areas or whether (as might reasonably be expected given the need for catalytic investment) there are significant development opportunities which can sensibly be brought forward independently for early implementation. This is plainly unsatisfactory.

Revised wording to provide sufficient flexibility & to read;

Development and regeneration will , where appropriate , have regard to a masterplan endorsed by the Council

2.6 Do you consider it necessary to attend and give evidence at the hearing part of the examination? (✓ as appropriate)

NO, I wish to communicate through written representations

YES, I wish to speak to the Inspector at the hearing sessions

Please note: The Inspector will determine the most appropriate procedure to hear those who have indicated that they wish to participate at the hearing part of the examination

2.7 If you wish to participate at the hearing part of the examination, please outline why you consider this to be necessary

If the box is not big enough for your comments, please attach another page marked appropriately.

Policy S5 (1) as currently drafted is unclear and represents a potential impediment to early investment within the Central Area.

Since Aquila intend to commit significant resources to the area they consider that the policy warrants detailed scrutiny via the Examination process

This is the end of Part 2 (Regulation 19 and 20) of the response form. Please complete this form for each representation you wish to make. You only need to complete Part A once. Please submit all of your response forms together.
