2.4. If you consider the Maldon District LDP to be unsound or not legally compliant please explain why in the box below.

Please be as precise as possible. Please also use this space for any comments in support of the LDP.

Paragraph 2.28 states: "A small proportion of growth is also allocated to the District's rural villages to help to maintain sustainable rural communities. It is important that any growth would be related to the settlement hierarchy, reflecting the size and function of the settlement. The Council will ensure that growth in the villages will not result in unsustainable spatial patterns that will be detrimental to the wider area. Policy S7 sets the parameters for growth in the villages and the Council is committed to producing a Rural Allocations Development Plan Document (DPD) which will provide further detail". The National Planning Policy Framework requires local planning authorities "to positively seek opportunities to meet the development needs of the area". Paragraph 14. In this context paragraph 28 of the Framework demonstrates the importance of a prosperous rural economy in the Plan making process. It is unfortunate therefore, that at a later time a separate Plan will be produced to address the needs of the 30 or so rural settlements rather than a comprehensive single plan. A single plan would have potentially provided more certainty and a better planned approach to housing, infrastructure and community infrastructure services provision in these settlements. If the Plan was to include these rural areas then it is advocated that the Willow Grange Allocation is included in any future allocation document and the Council is asked to refer back to the submissions made in October 2013 for its allocation to support the Parishes of Latchingdon and Purleigh.

- 2.5.** Please explain in the box below what change(s) you consider necessary to make the Maldon District LDP legally compliant and sound.
Please be as precise as possible. Please explain why this change will make the Maldon District LDP legally compliant and sound. It will be helpful if you are able to put forward any suggested revised wording of the policies or supporting text.

Deferral to undertake the work necessary for the Rural Allocations Plan and for this to be included in a single Plan.
