2.5 Please explain in the box below what change(s) you consider necessary to make the Maldon District LDP legally compliant and sound. Please be as precise as possible. Please explain why this change will make the Maldon District LDP legally compliant and sound. It will be helpful if you are able to put forward any suggested revised wording of the policies or supporting text.

If the box is not big enough for your comments, please attach another page marked appropriately.

The LDP should state that before any development work, a comprehensive and workable flooding prevention scheme must be in place, including future maintenance assurance.

Advice from the Environment Agency must be sought and addressed too.

Low lying areas will be particularly at risk of flooding during both the construction of the defence scheme itself and the proposed developments.

Should heavy rainfall occur during the construction period, contractors will divert floodwater from their sites into the nearest watercourse with disastrous results downstream.
