**2.4 If you consider the Maldon District LDP to be unsound or not legally compliant please explain why in the box below. Please be as precise as possible. Please also use this space for any comments in support of the LDP.**

If the box is not big enough for your comments, please attach another page marked appropriately.

The flood risk in Heybridge is already a major concern, and this development would considerably increase that risk. Holloway Road has already been severely affected in recent years, not helped by land south of Crescent Road, the Blackwater Approach development, which before that regularly acted as a flood area. We are now also getting flooding occuring around the Bentall Shopping area and Goldhanger Road.

The documentation states that a 'Sequential Test' should be used to locate development in areas with the lowest probability of flooding, flooding has always been as issue, however in recent years flooding in the Heybridge district has worsened considerably.

It has been pointed out to me that no reliable evidence has been produced to indicate that the costs can be met for testing and resolving this issue (a requirement of the development), rendering the development not viable and undeliverable.

**2.5 Please explain in the box below what change(s) you consider necessary to make the Maldon District LDP legally compliant and sound. Please be as precise as possible. Please explain why this change will make the Maldon District LDP legally compliant and sound. It will be helpful if you are able to put forward any suggested revised wording of the policies or supporting text.**

Abandoning the Heybridge Garden Suburb and relocating the housing to areas that are less prone to flood risk would improve the viability and probability of delivery.

The proportionate enlargement of villages that are not subject to flood risk would still allow for the required targets to be met with reduced cost and risk.
