2.4 If you consider the Maldon District LDP to be unsound or not legally compliant please explain why in the box below. Please be as precise as possible. Please also use this space for any comments in support of the LDP.

If the box is not big enough for your comments, please attach another page marked appropriately.

The consultation document circulated to residents in 2013 (28/8-14/10) indicated that the total number of new dwellings proposed for Heybridge as a whole should be 1000. The Pre Submission LDP indicates that the housing allocation for Heybridge Garden Suburb is now to be 1335. To increase the number of dwellings by 37% at such a late stage in the consultation process shows scant regard to engagement and is unreasonable especially when the Pre-submission LDP is so long and complex that it is inaccessible to many members of the community. Documents relating to viability do not take full account of the proposed increase in the size of Heybridge Garden Suburb and are therefore inaccurate.

Most of the proposed strategic growth is centred on the increased urbanisation of Maldon, Heybridge and Burnham and no explanation is given as to why other areas or strategies were not adopted. The sustainability of Heybridge Gardens Suburb has not been tested robustly against reasonable alternative strategies. The proposed location of the garden suburbs neatly coincides with areas of land where large developers either already own land or have options to purchase and I believe MDC are under pressure to deliver land in these areas rather than take a fresh view and look elsewhere.

2.5 Please explain in the box below what change(s) you consider necessary to make the Maldon District LDP legally compliant and sound. Please be as precise as possible. Please explain why this change will make the Maldon District LDP legally compliant and sound. It will be helpful if you are able to put forward any suggested revised wording of the policies or supporting text.

If the box is not big enough for your comments, please attach another page marked appropriately.

There should be public consultation on the enlargement of Heybridge Garden Suburb if MDC wish to have the revised figures considered by the inspector. Alternatively the original figures in the public consultation document should be used.

It is suggested that the increased urbanisation of Maldon, Heybridge and Burnham could be dealt with more proportionately by considering alternative strategies such as proportionate enlargement of villages so that local economies could benefit from infrastructure improvements and thus assist with reducing rural deprivation. Alternatively consider enlargement of settlements at Althorne and Southminster where there is a rail connection. In particular Southminster lends itself to enlargement and would benefit from improved retail facilities.
