Part 2 - Regulation 19 and 20 of the Town and Country Planning (Local Planning) (England) Regulations 2012 "Pre-Submission LDP" consultation

Please note that all comments on the Pre-Submission LDP consultation should be provided by completing Part 2 of this form. A separate completed Part 2 should be provided for each comment made within a representation.

2.1 To which part of the Maldon District Pre-Submission Local Development Plan (LDP) does this representation relate?

a. Paragraph number

2.57 (page 31)

b. Policy reference

S4

c. Proposals map

d. Other section (please specify)

2.2 Do you consider the Maldon District Pre-Submission LDP to be ... (✓ as appropriate)

a. Legally compliant

YES

NO

To be legally compliant the LDP has to be prepared in accordance with the Duty to Co-operate and legal and procedural requirements. This is required by Government guidance.

b. Sound

YES

NO

To be 'sound' a Local Plan should be positively prepared, justified, effective and consistent with national policy. This is required by Government guidance.

If you do not consider the LDP to be sound, please complete section 2.3 below

2.3 Do you consider the Maldon District to be unsound because it is not ... (✓ as appropriate)

a. Positively prepared

To be positively prepared the Plan should be prepared on a strategy which seeks to meet objectively assessed development and infrastructure requirements

b. Justified

To be justified the Plan must be:

- Founded on a robust and credible evidence base
- The most appropriate strategy when considered against the reasonable alternatives

c. Effective

To be effective the Plan must be:

- Deliverable;
- Flexible;
- Able to be monitored

d. Consistent with National Policy

The Plan must be consistent with Government guidance as set out within the National Planning Policy Framework

On the following pages, please explain why you think the Plan is unsound or not legally compliant, and set out any changes you feel should be made to the Plan to make the Plan sound or legally compliant.

Please note: As there will not normally be a subsequent opportunity to make further representations, please include all the information, evidence and supporting information necessary to support/justify your representation and the suggested change(s) to the Plan. After this stage, further submissions will only be invited at the request of the Planning Inspector, based on the matters and issues the Inspector identifies for examination.

2.4 If you consider the Maldon District LDP to be unsound or not legally compliant please explain why in the box below. Please be as precise as possible. Please also use this space for any comments in support of the LDP.

If the box is not big enough for your comments, please attach another page marked appropriately.

National Planning Policy states that new development should not increase flood risk elsewhere.

No-where within Maldon District Council's LDP Surface Water Drainage policy does it re-iterate this. All that is referred to is diverting surface water away from urban areas (page 31, 2.57), which could in all probability exacerbate existing problems for down-stream rural areas such as Mundon.

As expressed within Mundon Parish Council's Stage 1 representation, the ever increasing flooding issues in Mundon (at Lime Brook, at Mundon Wash, at New Hall Lane and also the Palepit Corner to Dead-Away Bridge to Lawling Hall Outfall ditch network) are proof of an already deteriorating situation. Unless planning policy acknowledges this, and obligates developers (especially for the South Maldon areas) to pay for infrastructure improvements, such as pumping stations at downstream sluices, the proposal is not positively prepared or justified. The current proposed Community Infrastructure Levy proposal does not cover this scenario in any way, therefore this lack of wording within the LDP makes the proposal entirely un-sustainable.

The lack of re-iteration of 'new development not increasing flood risk elsewhere' would suggest the proposal has not been positively prepared and is not consistent with national policy.

---	---	---	--	--	--	--	---	--	--

2.5 Please explain in the box below what change(s) you consider necessary to make the Maldon District LDP legally compliant and sound. Please be as precise as possible. Please explain why this change will make the Maldon District LDP legally compliant and sound. It will be helpful if you are able to put forward any suggested revised wording of the policies or supporting text.

If the box is not big enough for your comments, please attach another page marked appropriately.

To make the proposal legally compliant and sound, the National Planning Policy wording needs to be re-iterated regularly, and in relevant paragraphs even further enhanced with reference to site specific 106 contributions.

An example would be:-

“New development should not increase flood risk elsewhere, and where appropriate, Maldon District Council will obligate developers, through site specific 106 contributions, to fund specific infrastructure upgrades at down-stream locations”

2.6 Do you consider it necessary to attend and give evidence at the hearing part of the examination? (✓ as appropriate)

NO, I wish to communicate through written representations

YES, I wish to speak to the Inspector at the hearing sessions

Please note: The Inspector will determine the most appropriate procedure to hear those who have indicated that they wish to participate at the hearing part of the examination

2.7 If you wish to participate at the hearing part of the examination, please outline why you consider this to be necessary

If the box is not big enough for your comments, please attach another page marked appropriately.

This is the end of Part 2 (Regulation 19 and 20) of the response form. Please complete this form for each representation you wish to make. You only need to complete Part A once. Please submit all of your response forms together.
