If the box is not big enough for your comments, please attach another page marked appropriately.

Maldon District Council have been aware of the sewage and surface water problems in North Fambroge for some time. Throughout the consultation period the residents have put forward these problems but their comments have not been taken into account.

The joint statement prepared by Anglian Water Services, The Environment Agency and Essex County Council in January 2014 states quite clearly: -
"North Fambroge is in the catchment of Latchingdon Water Recycling Centre.

Latchingdon Water Recycling Centre has been considered to be at flow capacity by both Anglian Water and the Environment Agency, as presented in Maldon District Council's Scoping Water Cycle Study (Entec, March 2010).
The current network does not have the capacity to accept the further growth indicated."

Maldon District Council have continued to include North Fambroge in their plan despite having knowledge of the surface water and sewage problems in the village

Please explain why this change will make the Maldon District LDP legally compliant and sound. It will be helpful if you are able to put forward any suggested revised wording of the policies or supporting text.

North Fambroge should be withdrawn from the LDP and considered with the other rural villages when the Rural Allocations D.P.D. is prepared.
