

## Maldon District Council Property & Land

The [Essex Property Asset Map \(EPAM\)](#) holds property information for public bodies across Essex. When you click on a feature, some information is displayed, and the Councils Facilities & Asset Management team has further information on our assets. This sometimes includes historic maps and legal documents.

If this map does not provide information for a parcel of land or building you are enquiring about, you could contact Land Registry, who hold records of land ownership (when these have been registered). Land Registry normally charge a fee for making a search. More details can be found at <https://www.gov.uk/government/organisations/land-registry>

Town and Parish Councils may also have local knowledge to assist your enquiry.

Tips when using EPAM:

- You will need a compatible up to date website browser, more details can be [found on EPAM](#).
- When you launch the interactive map, to see our holdings in detail you need to zoom in to approximately 1000ft (scale in lower left hand corner of map).
- Click on a shaded area to see its details. Maldon District Councils properties and land are shaded in brown.
