

2019 RESIDENTS AND BUSINESS SURVEY

Thanks for your feedback in the 2019 survey. You told us that ...

**We need to prioritise
Climate Change**

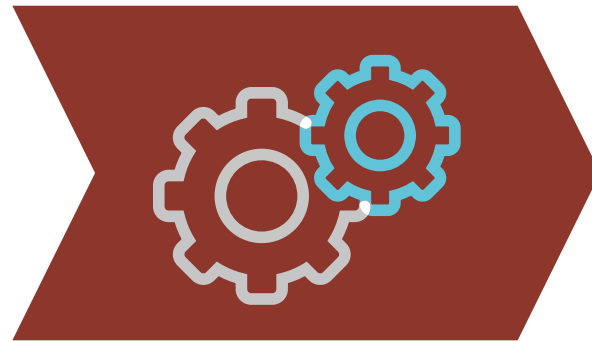

We have

brought in textile recycling to reduce waste.

Held a consultation around Air Quality and are now working to improve air quality in Maldon.

**Businesses don't feel
engaged with**

We are ...

working with Sense of Place to build a District Business Network.

Facilitating the creation of the Maldon Business Board and future business groups across the District.

**Broadband can be an
issue**

We are ...

working with the Superfast Essex project and supporting their rollout of fibre in the District.

This work completes in December 2021.

**Our open spaces
need improvement**

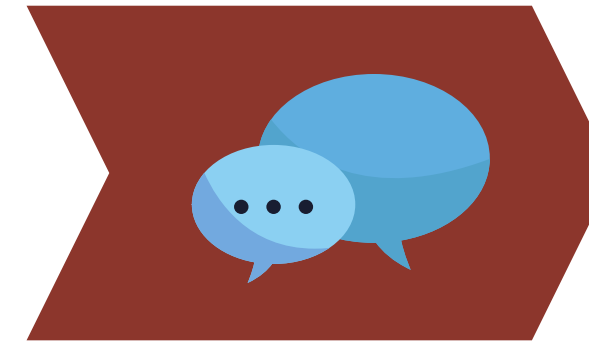

We have ...

concentrated on our cemeteries, making improvements and investing in equipment.

This will give a better environment in the near future.

**We need to
communicate more**

We have ...

increased our social media use and engagement as digital becomes more popular.

Improved our website which is ranked 47 out of 435 local authorities.
