Dear Sirs,

With reference to the Neighbourhood Plan, we would point out that the area from the Museum of Power from Beeleigh Lock is privately owned and not generally appreciated as we have many visitors. The situation is being addressed currently in order that we may accommodate the increase in the general public's wish to have access to the canal.

Our proposals at this stage have been in discussion with councillors and will be supported by planning applications in the current year. It is my wish that these proposals are carefully prepared and will be forthcoming but we are not at a point of conclusion by 12th March 2021 due to COVID we have not had officer site attendance and detailed discussion.

This statement is to make planning authorities aware to be compliant with the Neighbourhood Plan.
