

WINTER COMMUNITY SERVICES AND INFORMATION

In the Maldon District

Developed by One Maldon District Partnership

maldon.gov.uk/onemaldondistrict

INTRODUCTION

This leaflet provides information and advice on community services that you can access living in the Maldon District.

Sections include:

- Tips for keeping well
- Energy saving tips
- Safe heating tips
- Financial support
- Mental health in winter
- Food and crisis support
- Families and carers
- Community hubs/ activities and warm places
- Digital support
- Living well this winter events

TIPS FOR KEEPING WELL

Get advice if you feel unwell

If you or your family feel unwell, seek medical advice from your local pharmacy, GP or by calling **111**.

Look in on neighbours and relatives and make sure they are safe, warm and well.

Keep moving

Staying active during the winter months is essential to staying well and this will look different for everyone. Try to get outside for some activity such as a walk. Activities such as swimming or gentle yoga can provide great indoor options. Try not to sit still for long periods of time and when you do, make sure to move your fingers and toes around often to assist your circulation.

Eat well

Eat regularly as it helps keep you warm. Have at least one hot meal a day and regular hot drinks.

Stay social

When it is cold, it is easy to stop seeing family, friends and neighbours. Make sure to arrange to meet people regularly and consider phone calls if the weather prevents you going outside.

TIPS FOR KEEPING WELL

Keeping warm

Try to keep warm throughout the day using the following tips:

- Wear multiple thin layers
- Keep your windows/doors closed.
- Use a hot water bottle or electric blanket to keep warm in bed.
- Heat the rooms you spend most time in
- Use draft excluders
- Have plenty of hot food and hot drinks

Stop the spread of germs

Other simple measures which can help to reduce the spread of illness include:

- Washing your hands regularly with warm water and soap
- Avoid close contact with people who are unwell.
- Avoid sharing towels and other household items with someone who is unwell

Stay stocked up

It's a good idea to keep your cupboards stocked with basic food, drinks and medication.

Volunteers providing shopping* and prescription delivery support are available from Maldon and District CVS.

01621 851 891

*cash only service

Vaccinations

Some illnesses are more prevalent in cold weather and vaccinations are offered to help prevent these. Contact your GP or pharmacy if you think you should have any vaccinations.

Flu vaccinations are recommended if you:

- are 65 or over
- have some long term conditions
- are pregnant
- live in a care home
- are a carer for someone older or disabled
- receive carers allowance
- live with someone with a weakened immune system.

Covid-19 vaccinations are recommended if you:

- are 65 or over
- are between 6 and 64 with an increased risk of serious illness from Covid-19
- are pregnant
- live in a care home
- are a frontline worker

RSV (respiratory syncytial virus)

vaccinations are recommended if you are between 74 and 79 or are pregnant.

Pneumococcal vaccinations

are recommended for babies, people aged 65 or over or anyone at higher risk of serious illness.

ENERGY SAVING TIPS

There are simple things you can do to help cut down your energy bills.

These include:

- Turn off unnecessary lights and appliances
- Shower instead of taking a bath
- Fix any dripping taps
- Only boil the amount of water you need for hot drinks (consider using a flask)
- Avoid heating rooms you don't use
- Avoid drying clothes in your bedroom
- Use a slow cooker or air fryer if you have one
- Washing clothes at 30°C
- Keep radiators and heaters clear of obstructions
- Make sure external doors and windows are draught-proofed
- Shut doors, windows, and curtains when you're not in a room.
- Make sure your dishwasher is full and set to economy before using
- Use energy-efficient appliances (A+++ rated) and turn off devices when not in use
- Upgrade to efficient appliances like smart thermostats and programme them to match your schedule

SAFE HEATING TIPS

Here are some tips for using heaters safely.

- Make sure heaters are well maintained and in good working order.
- Never install, repair or service appliances yourself. Make sure anyone who does is registered with the Gas Safe Register (for gas appliances), the Heating Equipment Testing and Approval Scheme (HETAS) (for solid fuel appliances), or the Oil Firing Technical Association (OFTEC) (for oil appliances).
- Don't take risks with old heaters – if it's electrical and getting older, get it tested by a qualified electrician or buy a new one.
- Where appropriate, secure heaters against a wall to stop them falling over, or fit wall-mounted heaters.
- Keep heaters well away from clothes, curtains and furniture and never use them for drying clothes.
- Always sit at least one metre away from a heater as it could set light to your clothes or chair.
- Before attempting to move your heater, turn it off and allow it to cool first.

FINANCIAL SUPPORT

Warm Home Discount

Warm Home Discount is a one-off £150 discount to your electricity bill to reduce eligible customers' bills over the winter months.

An automatic payment should occur if you're with an electricity supplier who is part of the discount scheme and you or your partner receive certain means-tested benefits or tax credits and high energy costs. If you believe you are eligible but have not received payment or a letter by early January 2025 then contact the scheme before 28th February 2025 on 0800 030 9322.

If you want to find out more about this, or any of the following benefits, contact Maldon and District Citizens Advice on 01621 875774

Pension Credits

Pension credit is there to provide extra money to help with living costs if you are over the State Pension age and have a low income.

If you are eligible for any amount of pension credits and you sign up then you may be able to claim further benefits such as the winter fuel payment.

To claim Pension Credit, call 0800 99 1234.

FINANCIAL SUPPORT

Winter Fuel Payment

To get the winter fuel payment of either £200 or £300 to help you pay for your heating bills this winter, you must have been born before 23 September 1958 **AND** be receiving certain benefits.

Most payments are made automatically and a letter sent in November or December will outline how much you will receive.

If you believe you are eligible and have not received a letter or payment by 29 January 2025, contact the Winter Fuel Payment Centre on **0800 731 0160**. They will ask for your name, address, date of birth and national insurance number.

Cold Weather Payment

You could get £25 for each 7 day period of very cold weather between 1 November 2024 and 31 March 2025

You may be eligible if you are getting certain other benefits. If so, then you will get these payments automatically. You should receive your payment within 14 working days of the cold weather.

MENTAL HEALTH IN WINTER

Cold and dark in winter can affect your mental health. Below are some tips to help you practice self-care and look after your mental health.

- Adopt a positive outlook and practise gratitude
- Try deep breathing
- Try to stay active
- Stay in touch with people close to you
- Eat well
- Get plenty of sleep
- Make the most of natural light
- Plan ahead for the winter
- Seek support and talk to someone
- Look after your physical health
- Try mindfulness
- Learn something new
- Volunteer in your local community
- Be kind to yourself
- Try to keep to a daily routine
- Do things you enjoy
- Try writing or journaling

MENTAL HEALTH IN WINTER - CONTACTS

In an emergency if you are unable to keep yourself safe, call **999** or go straight to the nearest **A&E**.
