Dear Mr. Coleman,

Ref: Proposed Building of new Houses

Regarding the proposal to build 3,000 to 4000 new homes in the Maldon area. There are a few questioned I would like answered.

FIRSTLY

238 I find it difficult to understand why anyone would want to build so many houses in an area which has such limited access with only three small roads leading into it, or more importantly leading out, with so many new commuters trying to get to work, as I doubt whether any new businesses will come to the area with such limited access.

SECONDLY

Although it is proposed to create things like new schools, doctors etc. when will this happen? There does not seem to be any concrete plans for this.

THIRDLY

61  
62 With regard to the small piece of floodplain land adjacent to Holloway Road, I have seen some plans for a flood protection scheme, but this seems to me to be completely inadequate. If this {in my opinion) amateurish scheme does work, it will need to be very well maintained. I understand that this will be the responsibility of the builders initially but then be passed to home owners . I hope they will be informed of this before purchasing the houses. If this doesn't happen who will be responsible for the next 50 years or so?

Yours sincerely,
