- Q2 In order to ensure the LDP will meet the requirements set by Government, the Council has reviewed the amount of development required to meet identified housing and employment needs over the next 15 years. As a result, it has been necessary to increase the proposed number of new homes from 3,000 to 4,410 and to allocate 8.4 hectares of additional employment land.

- Q3 The main urban areas of Maldon, Heybridge and Burnham-on-Crouch are considered to be the most appropriate locations for new housing. Following consideration of alternative options which are detailed in the Draft LDP , the following distribution is now proposed.

Do you support the proposed distribution of new housing ?

Settlement	Total number of dwellings	<i>Strongly Agree</i>	<i>Agree</i>	<i>No Opinion</i>	<i>Disagree</i>	<i>Strongly Disagree</i>
Maldon	1,830	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Heybridge	1,000	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

- Q3 If you disagree, is there an alternative distribution of new housing which you would prefer?

How can it been considered 'appropriate' to build this number of houses in an area that already can't sell the houses already for sale? How does it make the slightest sense to want to even try to locate thousands of more people in a REMOTE area where there are no jobs for them and where resources such as water, sewerage, health care etc., is already stretched. We have many empty Industrial units - not because of the lack of people to work in them, but because there are no firms looking for staff

Burnham on Crouch is a quaint riverside Town at the end of a remote Peninsular. There is very little housing need and is already slowly expanding in line with the needs of the population. Growth should be led year on year by local requirements and not by Central Government directive that gives no local regards for population whom they are supposed to represent. Where is the sense in locating thousands of people ANYWHERE in this country, where their only option for work would be to travel back out again? The only beneficiaries of this is the Railway and Petrol Stations. Commuters provide little to the local economy or community as they are effectively only here at weekends. There is no 'need' for hundreds of houses in Burnham on Crouch - apart from the 'need' to bow down to central government on an ill thought out plan to try and boost the Country's economy. It is a short term knee jerk plan with long term negative consequences. YOU are meant to represent US and OU R needs. Do so!
