We have been residents of Crescent Road in Heybridge for 15 years and for the first few years we did not observe any major flooding but over the years we have seen this get progressively worse despite work being done to supposedly alleviate this, as recently as 24th august we had a large lake at the back of our house in Elizabeth Way which always occurs with a heavy downpour because the drains simply cannot cope !!! We feel this is as a result of the developement of the Elms Farm Estate, surely the developement of 900 more homes cannot only exacerbate this problem and this is not something we relish, we love living here but it is beginning to lose its appeal, please reconsider this decision or at least consider building less properties.
