Q13 The Council has produced an updated Sustainability Appraisal to support the Draft LDP which is available on the Council's website. Do you have any comments on this? [Please use BLOCK CAPITALS]

Policy S1-7) - Council must fulfil their obligations to guarantee development land available on non-flood risk sites. The recent consequences of their failing to do so is considered a dereliction of duty and cannot afford to be repeated.

Policy S1-10) - Current levels of drainage + sewerage capacities in the bridge are woefully inadequate and must be vastly improved prior any developments without adding to flood risk "down-the-line".

Policy S1 - officers' views of what applications "accord with the policies" or which "policies are not relevant" need careful policing to prevent cavalier "automatic approvals" of applications without their thorough consideration of all factors.

Q14 Do you wish to comment on the Proposals Map or any other Policies in the Draft LDP?

Please enter here which Policy Number / Paragraph number you refer to

Policy D5-3).

Please enter your comments in the box below [Please use **BLOCK** CAPITALS]

Too much development on zone 3 sites has been forced upon planning committees by ~~the~~ sequential and exception tests procedure. The council must be obliged to produce an LDP that renders applicants unable to force through applications through the council's inability to comply with their stated objectives. I.E. first sentence of Policy D5 is the policy requiring adherence - the rest is a revision of local laws for developers' lawyers to jump through.

Q15 If you wish to make any other comments on the Draft LDP, enter your comments in the box below [Please use **BLOCK** CAPITALS]

Policy 12 - 4) "opportunities for <sup>sports clubs</sup> ~~high~~ levels of physical activities"  
make and make the districts <sup>are being relied upon to</sup> provide same. in heybridge, drapers farm, with cricket, rugby, table tennis and croquet, is fulfilling this function at best it can, given the constraints of its area and current facilities, for mardon, heybridge plus their environs. the proposed increase in housing in the LDP highlights that drapers' facilities and space is currently at congestion levels. ~~if~~ if they are to continue catering for an additional 4000+ families substantial expansion of the space and facilities must be accommodated into the LDP.

Thank you for taking the time to complete this questionnaire. Your comments are important and will be fully considered. Please see Maldon District Council's website for future information about the progress of the LDP.
