With Concern to the 100 houses being built on Heybridge Swifts existing site, means that they would be moving to another ground/ stadium. where I live now I can hear the noise etc that comes with matchdays/nights & my children have trouble sleeping. I have seen plans that would suggest their new ground would be moving even closer to my position. This would bring more noise pollution traffic & of course floodlights. I also know this means affordable housing would also be agreed to help with the plan going through. I await further information on where the planned site will be & what you'd do to help with issues raised.

**Q15 If you wish to make any other comments on the Draft LDP, enter your comments in the box below [Please use **BLOCK CAPITALS**]**

on the 24<sup>th</sup> August when parts of Heybridge & Maldon flooded, I was out & couldn't get home due to both access roads to my house closed due to flood water. I have 3 children who found the whole situation very distressing. I'm struggling to see how building more houses near these affected areas would help prevent this happening again in the future.

Thank you for taking the time to complete this questionnaire. Your comments are important and will be fully considered. Please see Maldon District Council's website for future information about the progress of the LDP.
