Yes, Being very long and detailed, what percentage of people do you think will be bothered to read this and understand the contents and assuming that the majority of people will not how significant would that be to your questionnaire?

Q14 Do you wish to comment on the *proposals map* or any other policies in the Draft LDP?

If so, please enter here which *Policy / Paragraph number(s)* you refer to **s2d & aw20**

Please enter your comments in the box below

I am not sure what you mean by Policy / Paragraph numbers so I hope you understand the numbers I found on the proposal maps. The i button does not seem to work. What is the red dash line referring to? Assuming that the pale yellow is the proposed building area, why is the historic wood shaded Needs more information

Q15 If you wish to make any other comments on the Draft LDP, enter your comments in the box below

Yes, I do not have any confidence in Maldon District Council ability to resist such large scale developments as it seems that your hands are tied by County and Government decisions. The growth factor leading all of this is a red herring! The only part I have read so far which is definately required is more medical facilities, long overdue from the last development built south of Maldon. I do not beileve my thoughts and words will have any say as you continue to use the expression "Consider" and we all know what that usually means.
