- Q2 In order to ensure the LDP will meet the requirements set by Government, the Council has reviewed the amount of development required to meet identified housing and employment needs over the next 15 years. As a result, it has been necessary to increase the proposed number of new homes from 3,000 to 4,410 and to allocate 8.4 hectares of additional employment land.

- Q3 The main urban areas of Maldon, Heybridge and Burnham-on-Crouch are considered to be the most appropriate locations for new housing. Following consideration of alternative options which are detailed in the Draft LDP , the following distribution is now proposed.

Do you support the proposed distribution of new housing ?

Settlement	Total number of dwellings	<i>Strongly Agree</i>	<i>Agree</i>	<i>No Opinion</i>	<i>Disagree</i>	<i>Strongly Disagree</i>
Maldon	1,830	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Heybridge	1,000	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Burnham-On-Crouch	450	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

- Q3 If you disagree, is there an alternative distribution of new housing which you would prefer?

These plans ignore one of the key Policy objectives, accessibility. The developments at Heybridge, Limebrook Way and Wyke Hill will increase traffic loads at peak times through both Wickham Bishops and Hatfield Peveral. Speeding through Wickham Bishops is already a concern for children going to Great Totham School. The alternative of development along the rail line from Southminster would provide direct access to the city and provide far more cost effective building opportunities.

- Q4 It is proposed to develop two Garden Suburbs in Maldon and Heybridge which will be comprehensively planned to ensure the provision of a mix of housing, community and educational facilities, open space and new transport provision.

Q13 The Council has produced an updated to support the Draft LDP which is available on the Council's website. Do you have any comments on this?

There is no plan to support the sustainability plan in respect of access. Without a plan for transport road/rail access you don't have a plan let alone a sustainable one. Piecemeal planning is not a sustainable way forward.

Q14 Do you wish to comment on the *proposals map* or any other policies in the Draft LDP?

If so, please enter here which *Policy / Paragraph number(s)* you refer to **S2e & S2d**

Please enter your comments in the box below

Too much concentration around Maldon Town putting strain on current infrastructure. Spread the load and develop Southminster rails line.

Q15 If you wish to make any other comments on the Draft LDP, enter your comments in the box below

Back to the drawing board guys. It's not strategic and it is not comprehensive. Forget Maldon, there is no parking and no access so start developing somewhere else in the district. There is no mention of traveller sites, we have enough problems as a consequence of the MDC ignoring government direction in the past please don't do it again. How about offering pitches down in Heybridge industrial area. That will solve the problem and determine if there is a real need.
