Reference is made to the appropriate Policy/Appendix numbers in the Draft LDP

- Q2 In order to ensure the LDP will meet the requirements set by Government, the Council has reviewed the amount of development required to meet identified housing and employment needs over the next 15 years. As a result, it has been necessary to increase the proposed number of new homes from 3,000 to 4,410 and to allocate 8.4 hectares of additional employment land.

- Q3 The main urban areas of Maldon, Heybridge and Burnham-on-Crouch are considered to be the most appropriate locations for new housing. Following consideration of alternative options which are detailed in the Draft LDP , the following distribution is now proposed.

Do you support the proposed distribution of new housing ?

Settlement	Total number of dwellings	<i>Strongly Agree</i>	<i>Agree</i>	<i>No Opinion</i>	<i>Disagree</i>	<i>Strongly Disagree</i>
Maldon	1,830	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Heybridge	1,000	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Burnham-On-Crouch	450	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

- Q3 If you disagree, is there an alternative distribution of new housing which you would prefer?

This building work should be centered around areas where there are adequate rail and road links. Witham is already an ugly town due to developments such as is proposed for Maldon. The proposal to build houses on the green belt land north of Holloway road is unacceptable. This is flood plain and Holloway Road suffers enough from flooding. More housing into the same drainage area = more flooding !!

- Q4 It is proposed to develop two Garden Suburbs in Maldon and Heybridge which will be comprehensively planned to ensure the provision of a mix of housing, community and educational facilities, open space and new transport provision.

Q13 The Council has produced an updated to support the Draft LDP which is available on the Council's website. Do you have any comments on this?

The Appraisal does little to convince me that the development proposals as they stand are acceptable. It identifies that there is little scope for improving road links to other areas like Hatfield Peverel and Witham where the nearest rail stations are located and indeed the obstacle of the single carriageway bridge between Wickham Bishops and Witham will certainly increase journey times should these developments go ahead. Travel in Maldon during rush hour - it's bad enough now !!

I am totally against this proposal. It takes no consideration of the disruption this will cause residents in the nearby areas. It's green belt land, it is prone to flooding, water supplies in the area are at peak, railway stations are at present only just accessible under existing infrastructure, there is hardly any practical policing in the Maldon area and the police station remains unmanned overnight. I suspect there would be an increase in crime in the area. Nobody wants to see the beautiful town of Maldon turned into a Witham, or Braintree model. These places have turned into ugly towns due to over development and lack of infrastructure to support it. The only ways in and out of Maldon are through Hatfield Peverel, Witham and Danbury all of which are mobbed at rush hour. Putting another possibly 4000 on cars on the road in Maldon is going to create and nightmare for commuters. A small relief road for Wycke Hill is just not going to cut it. STOP THIS INSANE DEVELOPMENT NOW.
