- Q2 In order to ensure the LDP will meet the requirements set by Government, the Council has reviewed the amount of development required to meet identified housing and employment needs over the next 15 years. As a result, it has been necessary to increase the proposed number of new homes from 3,000 to 4,410 and to allocate 8.4 hectares of additional employment land.

- Q3 The main urban areas of Maldon, Heybridge and Burnham-on-Crouch are considered to be the most appropriate locations for new housing. Following consideration of alternative options which are detailed in the Draft LDP , the following distribution is now proposed.

Do you support the proposed distribution of new housing ?

Settlement	Total number of dwellings	<i>Strongly Agree</i>	<i>Agree</i>	<i>No Opinion</i>	<i>Disagree</i>	<i>Strongly Disagree</i>
Maldon	1,830	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Heybridge	1,000	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Burnham-On-Crouch	450	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

- Q3 If you disagree, is there an alternative distribution of new housing which you would prefer?

I am not familiar enough with planning and requirements to recommend alternatives. I prefer that the distribution has been split rather than all localised in one area, as previously proposed, but have grave concerns over the ability of the town to support the number of new residents implied by the building of 450 houses.

- Q4 It is proposed to develop two Garden Suburbs in Maldon and Heybridge which will be comprehensively planned to ensure the provision of a mix of housing, community and educational facilities, open space and new transport provision.

Q13 The Council has produced an updated to support the Draft LDP which is available on the Council's website. Do you have any comments on this?

Burnham is still subject to flooding. My understanding is at this time effluent can be discharged into the river. I am concerned that the amount of potential effluent discharged may increase and affect the wildlife and biodiversity in the surrounding areas.

Q14 Do you wish to comment on the *proposals map* or any other policies in the Draft LDP?

Q15 If you wish to make any other comments on the Draft LDP, enter your comments in the box below

Where I live parking is already difficult to find due to very little dedicated parking available for people driving to use the amenities. I cannot see anywhere that this will be improved as there is a lack of space in these areas to provide adequate parking. In addition the Burnham bends can be a perilous road to drive with the current amount of traffic, and I am concerned that there are not adequate provisions to support the increases in traffic during construction and the addition of new families to the area. There are already too many serious and fatal accidents on these roads. I am pleased that the park and nature areas appear to be protected at this time, together with the remaining river frontage. I would also expect healthcare provisions to be made to support the increase in residents.
