- Q2 In order to ensure the LDP will meet the requirements set by Government, the Council has reviewed the amount of development required to meet identified housing and employment needs over the next 15 years. As a result, it has been necessary to increase the proposed number of new homes from 3,000 to 4,410 and to allocate 8.4 hectares of additional employment land.

	<i>Strongly Agree</i>	<i>Agree</i>	<i>No Opinion</i>	<i>Disagree</i>	<i>Strongly Disagree</i>

- Q3 The main urban areas of Maldon, Heybridge and Burnham-on-Crouch are considered to be the most appropriate locations for new housing. Following consideration of alternative options which are detailed in the Draft LDP , the following distribution is now proposed.

Do you support the proposed distribution of new housing ?

Settlement	Total number of dwellings	<i>Strongly Agree</i>	<i>Agree</i>	<i>No Opinion</i>	<i>Disagree</i>	<i>Strongly Disagree</i>
Maldon	1,830	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Heybridge	1,000	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Burnham-On-Crouch	450	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

- Q3 If you disagree, is there an alternative distribution of new housing which you would prefer?

I do not object to the proposed housing development in any of the areas per se, what I do STRONGLY object to is the complete lack of consideration to the routes in and out of Maldon and on and off the Dengie. The main routes (Danbury, Hatfield Peveral, Blue Mills, Latchingdon etc, etc) are clogged between 7am and 9.30 am and again between 3pm and 7pm. If another 4000 (approx.) houses are built in the area how on earth are these routes going to cope without major investment?

- Q4 It is proposed to develop two Garden Suburbs in Maldon and Heybridge which will be comprehensively planned to ensure the provision of a mix of housing, community and educational facilities, open space and new transport provision.

Q13 The Council has produced an updated to support the Draft LDP which is available on the Council's website. Do you have any comments on this?

You have completely ignored the ever increasing issue of traffic on the main routes in and out of the town. Have you tried to drive out of Maldon or Heybridge between 7am and 9.30 am via Danbury or Hatfield Peveral? Only a very short sighted group would overlook this obvious problem. You HAVE to consider this before increasing the housing stock as this increase in houses could lead to an increase of up to 12,000 cars travelling in and out of the town per day.

I believe your approach is short sighted as you have completely overlooked the increasing difficulties of travelling in and out of the area at heavy commuter periods. As someone who has travelled extensively for work over the last 15 years I have a clear understanding of how the traffic levels in Danbury (especially), Hatfield Peveral and all of the routes out of the area have clogged up over that period. The routes down to Witham and Hatfield Peveral to the train stations are increasingly clogged so this is no solution either. The only clear solutions are a better link with the A12 unobstructed by Danbury or Hatfield Peveral or build a rail line back into the area and I'm afraid to say I do not believe your developers nor the public funds will stretch to pay for that. My only conclusion therefore is to strongly oppose further development of the area until such time that the transport links can be dramatically improved. Build near the A12 or existing train lines, it's obvious really!
