

PART B

Reference is made to the appropriate Policy/Appendix numbers in the Draft LDP

- Q1 The overall vision is to improve the quality of life for people living and working in the District and to provide the new homes, jobs and infrastructure required to meet identified needs and support the local economy, whilst protecting the District's heritage and environment.

- Q2 In order to ensure the LDP will meet the requirements set by Government, the Council has reviewed the amount of development required to meet identified housing and employment needs over the next 15 years. As a result, it has been necessary to increase the proposed number of new homes from 3,000 to 4,410 and to allocate 8.4 hectares of additional employment land.

- Q3 The main urban areas of Maldon, Heybridge and Burnham-on-Crouch are considered to be the most appropriate locations for new housing. Following consideration of alternative options which are detailed in the Draft LDP , the following distribution is now proposed.

Do you support the proposed distribution of new housing ?

Settlement	Total number of dwellings	<i>Strongly Agree</i>	<i>Agree</i>	<i>No Opinion</i>	<i>Disagree</i>	<i>Strongly Disagree</i>
Maldon	1,830	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Heybridge	1,000	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Burnham-On-Crouch	450	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

- Q3 If you disagree, is there an alternative distribution of new housing which you would prefer?

It is agreed that Maldon should be the main focus for the development of housing and the satisfaction of development needs. Maldon however contains sites which are capable of accommodating housing which have not been included within the local plan as a housing site The Sadds Wharf site is available, and developable and can deliver housing within the next five years. The Council has a significant shortage of housing land and accordingly sites such as Sadds Wharf should be a priority for housing

- Q4 It is proposed to develop two Garden Suburbs in Maldon and Heybridge which will be comprehensively planned to ensure the provision of a mix of housing, community and educational facilities, open space and new transport provision.

Q13 The Council has produced an updated to support the Draft LDP which is available on the Council's website. Do you have any comments on this?

The approach is not sound in that it has not considered the benefits of developing previously developed sites such as Sadds Wharf, in advance of the release of greenfield land

Q14 Do you wish to comment on the *proposals map* or any other policies in the Draft LDP?

If so, please enter here which *Policy / Paragraph number(s)* you refer to **Policy S5**

Please enter your comments in the box below

Policy S5 is fundamentally unsound it does not acknowledge the role that the Sadds Wharf site can play in bringing forward housing development. The policy fails to respond to the fact that the Sadds Wharf site benefits from a valid planning consent allowing it to be redeveloped for housing. The development of the site for housing and the fact that the redevelopment of the area for employment uses is uneconomic has been tested as a public inquiry

Q15 If you wish to make any other comments on the Draft LDP, enter your comments in the box below

The Sadds Wharf site should be allocated for housing, this site is fundamental to the regeneration of the area. It is available and deliverable and would reduce the need to release the greenfield sites. The site is previously developed and its suitability for housing has been considered at a Public Local Inquiry both in the context of the preparation of the current plan and in the context of Section 78 of the TCPA 1990, and found to be a wholly appropriate use in this location. The approach of seeking to limit the uses and exclude housing is unsound and the plan should be revised to include housing as being acceptable on the Sdass Wharf site. The release of the site for housing is wholly consistent with the "opening up " of the riverside environment. It is also sustainable in terms of the reuse of the land.
