Settlement	Total number of dwellings	<i>Strongly Agree</i>	<i>Agree</i>	<i>No Opinion</i>	<i>Disagree</i>	<i>Strongly Disagree</i>
Maldon	1,830	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Heybridge - not sure the infrastructure can support 1000 homes? Burnham - 200 new homes as planned build with a up to 100 more which arise over 15 years would be ok, but if the starting point is 450 and likely to rise from there, then the stated aim of preserving the character of the area likely to be lost.

Q13 The Council has produced an updated to support the Draft LDP which is available on the Council's website. Do you have any comments on this?

T1 sustainable transport - need to ensure that development in Burnham facilitates sustainable transport eg cycle paths/safe routes to schools and train station. the metal footbridge over the railway should be made more user-friendly for bikes and buggies so that people walk/cycle across the railway to/from schools (not least as the alternative paths alongside the busier main road and over the road bridge are rather narrow.

Q14 Do you wish to comment on the *proposals map* or any other policies in the Draft LDP?

If so, please enter here which *Policy / Paragraph number(s)* you refer to **H1**

Please enter your comments in the box below

affordable housing - acceptability of the new housing in Burnham could be increased if a reasonable proportion (30%?) of the housing is a) affordable and b) allocated to local people (75+%). People here are nervous that incomers (eg from London) will be given the social housing, which if done in numbers would alter the character of the town.

pleased to see you getting on with the plan - we are nervous of developers trying to get in before it is produced. thanks for local consultation meetings
