There should be a reduction, despite what this government says, in the large number of new properties in the district. The cost of providing the necessary infrastructure is not acceptable. The destruction of open space in our countryside is not acceptable. Specifically, the proposal to take development over to the other side of the southern bypass should be resisted. The road should be regarded as the natural barrier to development in that direction. It would impact negatively on the nature reserve and general amenity value of that area. The Heybridge development appears to be of excessive size in comparison to the existing built up area of Heybridge. The proposal to split the Burnham allocation is right as it does not push the developed area too far out in any one direction.
