The Reason for my disagreement , is because of grave doubts as to whether even the proposed revised plan of 280 Houses, is anything like what will actually happen when substantial windfall applications, outside the plan are being applied for left right and centre.

Q13 The Council has produced an updated to support the Draft LDP which is available on the Council's website. Do you have any comments on this?

Along with the river, one of Burnham's attractive qualities is the immediate proximity of Country in the form of farmed land. The Proposed development of of the S2h area substantially degrades this sense for any car user or walker entering or leaving Burnham on the Maldon road.

I have doubts that the Sewage arrangements for the town can sustain the scale of development in Burnham, without resorting to direct spillage into the river, which is not in line with the LDP's proposals for a sustainable and ecological environment.

Q15 If you wish to make any other comments on the Draft LDP, enter your comments in the box below

I have doubts that the Sewage arrangements for the town can sustain the scale of development in Burnham, without resorting to direct spillage into the river, which is not in line with the LDP's proposals for a sustainable and ecological environment. I regard the ability of windfall applications, outside the plan (why are they allowed outside the plan ?) as potentially allowing a procession of coach and horses tomire and trample the declared intentions of the revised LPD , underfoot.
