Q13 The Council has produced an updated to support the Draft LDP which is available on the Council's website. Do you have any comments on this?
unable to open the sustainability appraisal link. it came up err file not found?

Q14 Do you wish to comment on the *proposals map* or any other policies in the Draft LDP?

If so, please enter here which *Policy / Paragraph number(s)* you refer to **E1,E4,H1,I2,I3**

Please enter your comments in the box below

E1 new buildings do not make jobs there are many empty factories already! E4 this I think is the most important area and should be increased generally to a 1000 homes to allow villages to prosper, policy H1 should be the provision of housing not a contribution, the limit should be 10 houses, I2 I only agree if this is to be a new hospital, this would fee up St peters for re-development for housing. I3 I am not happy as you are asking for agree to a future policies that you have not yet made.

Q15 If you wish to make any other comments on the Draft LDP, enter your comments in the box below

Your main priority in the LDP is to the communities that you are planning and work for. To this end you should look into sustainability and continue development in the district for the whole of the 15 year period not to do this would be negligent. Form my reading of the documents and the policies therein you appear to be more concerned with lucrative short term large developments which will leave the whole district with a major housing problems in the later part of the 15 year period. Land for the development should be released gradually over the 15 year period.
