

PART B

Reference is made to the appropriate Policy/Appendix numbers in the Draft LDP

- Q1 The overall vision is to improve the quality of life for people living and working in the District and to provide the new homes, jobs and infrastructure required to meet identified needs and support the local economy, whilst protecting the District's heritage and environment.

- Q2 In order to ensure the LDP will meet the requirements set by Government, the Council has reviewed the amount of development required to meet identified housing and employment needs over the next 15 years. As a result, it has been necessary to increase the proposed number of new homes from 3,000 to 4,410 and to allocate 8.4 hectares of additional employment land.

- Q3 The main urban areas of Maldon, Heybridge and Burnham-on-Crouch are considered to be the most appropriate locations for new housing. Following consideration of alternative options which are detailed in the Draft LDP , the following distribution is now proposed.

Do you support the proposed distribution of new housing ?

Settlement	Total number of dwellings	<i>Strongly Agree</i>	<i>Agree</i>	<i>No Opinion</i>	<i>Disagree</i>	<i>Strongly Disagree</i>
Maldon	1,830	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Heybridge	1,000	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Burnham-On-Crouch	450	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

- Q3 If you disagree, is there an alternative distribution of new housing which you would prefer?

If there is such a need it should be concentrated in a single development, preferably on a brown-field site, where due regard can be given to amenities and infrastructure that can cope with it, not split over areas where the extra numbers will push services and access to a point where they cannot cope.

- Q4 It is proposed to develop two Garden Suburbs in Maldon and Heybridge which will be comprehensively planned to ensure the provision of a mix of housing, community and educational facilities, open space and new transport provision.

Q13 The Council has produced an updated to support the Draft LDP which is available on the Council's website. Do you have any comments on this?

How much did it cost to produce this document which basically comes to an answer that could have been worked out by common sense?

Q14 Do you wish to comment on the *proposals map* or any other policies in the Draft LDP?

If so, please enter here which *Policy / Paragraph number(s)* you refer to **S2h, S2i & S2j**

I just don't believe that Burnham could cope with this number of additional houses. Access to all sites will be on roads that are having difficulty coping with the amount of traffic that is currently using it. S2i especially will either necessitate ruining an existing lane that would be used as a rat-run or sending even more vehicles to a turning that already sees a number of accidents. Also the increasing numbers of people using the already overcrowded peak time trains is unsustainable

Q15 If you wish to make any other comments on the Draft LDP, enter your comments in the box below

I appreciate that there is a need for new housing but using green-field sites in small communities like BOC will lead to a complete change to the nature of the place. Services, Schools, the railway and shops are already at busting point. There would have to be even more building to accommodate the expansion. This will then have an even more adverse affect on the area. At peak times both the roads and railway are having trouble coping with the existing numbers using them. I know as I drive to Basildon each day and my wife uses the train into London. A planned development of a single new market village or town, in an appropriate area which could have it's own services infrastructure and amenities properly designed to build would, in my opinion, be a far better option.
