Q15 If you wish to make any other comments on the Draft LDP, enter your comments in the box below

My concern is for the water levels in the River Chelmer/Blackwater. This is important for the continuation of marine businesses and tourism in Maldon, and those leisure river users who already struggle with mud and tides, due to over extraction of water by the water board. Surely more houses will mean more water extracted and I cannot see how the River will be able to stay 'live'. Also, I have not looked at the overall plans in detail but I do hope that there are cycle routes planned around Maldon, on existing routes as well as new developments. At the moment the cycle routes around Maldon are quite useless.
