Apart from local identified road improvements, no account has been taken of the effect of increased traffic volumes on the main roads into and out of Maldon, Heybridge and the Dengie, and which are already seriously over loaded.

Q15 If you wish to make any other comments on the Draft LDP, enter your comments in the box below

Increased housing and hence increased population will have a significant bearing on recreational facilities in the area. Drapers Farm Sports Club is already bursting at the seams. There are now insufficient sports pitches. Car parking on match and training times is impossible and at these times the club house is over loaded. Clearly current problems will only become worse and steps will have to be taken to limit memberships of the Cricket and Rugby Clubs, thus no longer being open clubs and many young people and others will be deprived from taking part in the sports of their choice as players, spectators, administrators, managers and coaches, etc. Currently there are problems integrating additional activities eg Maldon Croquet Club whose members wish to play on into the evenings, particularly those in employment and which clashes with a full programme of youth cricket after school and into the evenings and where adult and ladies practice and coaching sessions also take place.
