- Q2 In order to ensure the LDP will meet the requirements set by Government, the Council has reviewed the amount of development required to meet identified housing and employment needs over the next 15 years. As a result, it has been necessary to increase the proposed number of new homes from 3,000 to 4,410 and to allocate 8.4 hectares of additional employment land.

- Q3 The main urban areas of Maldon, Heybridge and Burnham-on-Crouch are considered to be the most appropriate locations for new housing. Following consideration of alternative options which are detailed in the Draft LDP , the following distribution is now proposed.

Do you support the proposed distribution of new housing ?

Settlement	Total number of dwellings	<i>Strongly Agree</i>	<i>Agree</i>	<i>No Opinion</i>	<i>Disagree</i>	<i>Strongly Disagree</i>
Maldon	1,830	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Heybridge	1,000	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Burnham-On-Crouch	450	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

- Q3 If you disagree, is there an alternative distribution of new housing which you would prefer?

I disagree that this additional level of housing is required anywhere in the district. New housing here will not serve the needs of existing residents or their offspring, price levels being what they are. New residents would not be of employable age due to lack of local work and poor commuting prospects. These numbers are in response to government pressure and will encourage excessive pressure on existing facilities and services.

- Q4 It is proposed to develop two Garden Suburbs in Maldon and Heybridge which will be comprehensively planned to ensure the provision of a mix of housing, community and educational facilities, open space and new transport provision.

Q13 The Council has produced an updated to support the Draft LDP which is available on the Council's website. Do you have any comments on this?

Previous large-scale development in Maldon has resulted in complete change to the nature of the area, and its security without bringing associated benefits to its residents or their offspring. This is still a rural area and should be kept that way. Transport services and roads are inadequate for the levels of expansion proposed. Highways departments can't keep on top of maintenance let alone improvements to existing roads which are breaking up fast. Existing infrastructure can't cope.

People come to Maldon to live and to visit, based on its current attributes. This plan will destroy the character of the area.

Q15 If you wish to make any other comments on the Draft LDP, enter your comments in the box below

This is not an area displaying latent demand for expansion. 'Affordable' housing cannot be provided at a cost to supply the needs of our children, therefore all expansion will go to outsiders. Jobs, in any numbers, will be provided where excellent communications exist, not in this area. Incomers will be largely retired folk and there is little availability to provide increased facilities for such folk.
