

PART B

Reference is made to the appropriate Policy/Appendix numbers in the Draft LDP

- Q1 The overall vision is to improve the quality of life for people living and working in the District and to provide the new homes, jobs and infrastructure required to meet identified needs and support the local economy, whilst protecting the District's heritage and environment.

- Q2 In order to ensure the LDP will meet the requirements set by Government, the Council has reviewed the amount of development required to meet identified housing and employment needs over the next 15 years. As a result, it has been necessary to increase the proposed number of new homes from 3,000 to 4,410 and to allocate 8.4 hectares of additional employment land.

	<i>Strongly Agree</i>	<i>Agree</i>	<i>No Opinion</i>	<i>Disagree</i>	<i>Strongly Disagree</i>

- Q3 The main urban areas of Maldon, Heybridge and Burnham-on-Crouch are considered to be the most appropriate locations for new housing. Following consideration of alternative options which are detailed in the Draft LDP , the following distribution is now proposed.

Do you support the proposed distribution of new housing ?

Settlement	Total number of dwellings	<i>Strongly Agree</i>	<i>Agree</i>	<i>No Opinion</i>	<i>Disagree</i>	<i>Strongly Disagree</i>
Maldon	1,830	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Heybridge	1,000	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Burnham-On-Crouch	450	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

- Q3 If you disagree, is there an alternative distribution of new housing which you would prefer?

Burnham does not have the infrastructure to sustain development of this size. The roads accessing Burnham are inadequate for the current traffic flow, let alone for an additional 1000 vehicles (ave. 2 cars/household) and additional commercial vehicles. Schools, doctor's surgery, local amenities and train line will not able to cope with this rate of growth. People have to travel to Maldon or Woodham to access leisure facilities/supermarkets - making those more suitable for development.

- Q4 It is proposed to develop two Garden Suburbs in Maldon and Heybridge which will be comprehensively planned to ensure the provision of a mix of housing, community and educational facilities, open space and new transport provision.

Q13 The Council has produced an updated to support the Draft LDP which is available on the Council's website. Do you have any comments on this?

It is inevitable that the town must grow, however this proposed rate of residential expansion is not sustainable. A significantly smaller number of dwellings than proposed is preferred. Education, Transport an Healthcare facilities all need to be expanded prior to this build. It is a potential concern that residential homes will be built without the infrastructure an economy growing at the same time and at the same rate.

As a young professional looking into purchasing my first home, I would be deterred from purchasing in this area if the number of residents increase and the facilities stay stagnant. It is already a cramped commute, and with many local shops closing on Sundays, and the current doctors surgery/ dentist not accommodating for city workers with more available hours. As such, the affordable homes scheme proposal is undermined unless the infrastructure and ethos of the town is guaranteed to improve in order to accommodate the sheer increase in volume of residents.
