- Q2 In order to ensure the LDP will meet the requirements set by Government, the Council has reviewed the amount of development required to meet identified housing and employment needs over the next 15 years. As a result, it has been necessary to increase the proposed number of new homes from 3,000 to 4,410 and to allocate 8.4 hectares of additional employment land.

- Q3 The main urban areas of Maldon, Heybridge and Burnham-on-Crouch are considered to be the most appropriate locations for new housing. Following consideration of alternative options which are detailed in the Draft LDP , the following distribution is now proposed.

**Do you support the proposed distribution of new housing ?**

<b>Settlement</b>	<b>Total number of dwellings</b>	<i>Strongly Agree</i>	<i>Agree</i>	<i>No Opinion</i>	<i>Disagree</i>	<i>Strongly Disagree</i>
Maldon	1,830	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Heybridge	1,000	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Burnham-On-Crouch	450	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

- Q3 If you disagree, is there an alternative distribution of new housing which you would prefer?

yes - a substantially reduced housing increase. If the above plans are forced through the Maldon District and surrounding villages will go the same way as the rest of the South East - overcrowded and with a reduced quality of life.

- Q4 It is proposed to develop two Garden Suburbs in Maldon and Heybridge which will be comprehensively planned to ensure the provision of a mix of housing, community and educational facilities, open space and new transport provision.

Is it correct that the above proposals appear to be increasing the size of Maldon by about 1/5th of its current size? In what way is this considered an improvement? Also the siting is positioned on the main route out of Maldon where the bulk of road transport (notwithstanding the building of additional roads) is concentrated.

Q15 If you wish to make any other comments on the Draft LDP, enter your comments in the box below

Many people move to the Maldon District to take advantage of the better quality of life experienced there. The slower and quieter pace of life is a great advantage. In an already overheated South-East the thought of an additional 4000+ homes, an increase in population of at least 10-12000 coupled with an additional minimum traffic load of at least one car per new household would ruin the Maldon area and surrounding villages. I strongly oppose this level of change in infrastructure.
