- Q3 If you disagree, is there an alternative distribution of new housing which you would prefer?

I personally believe that the housing numbers proposed are to the extreme. I wonder if a percentage system would be preferable spreading the numbers around all of the small villages and towns in the district. giving a chance for self builders a chance to use up small pockets of waste land and come up with individual designs, for instance the main road through Gt Totham, Goldhange, wickham bishop Could this be mirrored in other locations? I believe the closer to train lines or the a12 the better.

Q13 The Council has produced an updated to support the Draft LDP which is available on the Council's website. Do you have any comments on this?

I am still concerned with the volume of proposed housing and the traffic links towards the a 12. This is the reason I moved away from Chelmsford, I don't enjoy sitting in traffic much. I believe the roads to be overcrowded I also believe that as much as possible should be done to make these dwelling's eco houses, harvesting rain water for flushing the toilets for instance. I can only imagine this will reduce the risk of flooding and reduce the carbon footprint of having the water sterilised.

I believe it will be a huge shame to see heybridge woods build around. I fear this will soon become a huge dog toilet and loose its charm. I am for small plots of development, just not huge housing estates made into rat runs with inadequate parking. featureless, cheep looking toy town houses is not the way to go. the green land and woods are the reason I chose to move back to Heybridge where I grew up. if this development goes ahead I clearly wasted my time and money setting up home hear.
