- Q2 In order to ensure the LDP will meet the requirements set by Government, the Council has reviewed the amount of development required to meet identified housing and employment needs over the next 15 years. As a result, it has been necessary to increase the proposed number of new homes from 3,000 to 4,410 and to allocate 8.4 hectares of additional employment land.

- Q3 The main urban areas of Maldon, Heybridge and Burnham-on-Crouch are considered to be the most appropriate locations for new housing. Following consideration of alternative options which are detailed in the Draft LDP , the following distribution is now proposed.

Do you support the proposed distribution of new housing ?

Settlement	Total number of dwellings	<i>Strongly Agree</i>	<i>Agree</i>	<i>No Opinion</i>	<i>Disagree</i>	<i>Strongly Disagree</i>
Maldon	1,830	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Heybridge	1,000	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Burnham-On-Crouch	450	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

- Q3 If you disagree, is there an alternative distribution of new housing which you would prefer?

Houses should be built near a train station or the A12 so traffic/commuters have more efficient access! being a commuter myself it is hard enough trying to get a parking space at either Witham or Hatfield Peveral let alone a seat on the train which I pay over 5k for just to get to work - building the proposed houses will certainly cause a lot of problems and will effect surrounding areas; Danbury, Wickam Bishops, Hatfield Peveral by clogging up the roads the proposed road I cant see will help!!!

- Q4 It is proposed to develop two Garden Suburbs in Maldon and Heybridge which will be comprehensively planned to ensure the provision of a mix of housing, community and educational facilities, open space and new transport provision.

Q13 The Council has produced an updated to support the Draft LDP which is available on the Council's website. Do you have any comments on this?

The survey shows you have done your research, however the proposed amount of houses seems very extreme! Transport, commuting, flooding and ruining the green land, all these points I don't see you have a clear solution or if you have said so that it will work! Flooding is an issue in Heybridge and sticking 1,000 homes onto the area will certainly have a negative impact. Roads are at capacity now how can it be realistic adding an additional 2,830 homes in the area causing extensive delays?

Q14 Do you wish to comment on the *proposals map* or any other policies in the Draft LDP?

If so, please enter here which *Policy / Paragraph number(s)* you refer to

I am particularly concerned that although you are building around Heybridge woods this will still be destroyed and the animals living there will loose their way of living too! Surely developing smaller areas and in the surrounding villages would be better - it will certainly spread out the issues of traffic, flooding and ruining green land so that Heybridge/Maldon doesn't lose its historic character and become somewhere like Basildon, Romford etc - I will move, you will be pushing others out to!

Q15 If you wish to make any other comments on the Draft LDP, enter your comments in the box below

I strongly feel that the amount of houses that you are proposing is very extreme it will simply ruin the historic character of Maldon. You will be creating more traffic and the solution you have put forward to building a new road will just simply not work - this will also effect many surrounding areas of Maldon / Heybridge. The doctors surgery can not cope with the amount of houses already here, how on earth do you think adding more people in the area will solve anything, yes you say you are going to expand on the surgery but you should really do it so that it will then cope for the current people living here now!! Your point about the business parks - firstly I don't see how this will just magically create work for people surly that is down to an individual business, plus we already have may of these 'business parks' in Witham and Chelmsford, most of these are boarded up - why not invest in using what you already have instead of throwing money away!
