

## PART B

Reference is made to the appropriate Policy/Appendix numbers in the Draft LDP

- Q1 The overall vision is to improve the quality of life for people living and working in the District and to provide the new homes, jobs and infrastructure required to meet identified needs and support the local economy, whilst protecting the District's heritage and environment.

- Q2 In order to ensure the LDP will meet the requirements set by Government, the Council has reviewed the amount of development required to meet identified housing and employment needs over the next 15 years. As a result, it has been necessary to increase the proposed number of new homes from 3,000 to 4,410 and to allocate 8.4 hectares of additional employment land.

	<i>Strongly Agree</i>	<i>Agree</i>	<i>No Opinion</i>	<i>Disagree</i>	<i>Strongly Disagree</i>

- Q3 The main urban areas of Maldon, Heybridge and Burnham-on-Crouch are considered to be the most appropriate locations for new housing. Following consideration of alternative options which are detailed in the Draft LDP , the following distribution is now proposed.

**Do you support the proposed distribution of new housing ?**

<b>Settlement</b>	<b>Total number of dwellings</b>	<i>Strongly Agree</i>	<i>Agree</i>	<i>No Opinion</i>	<i>Disagree</i>	<i>Strongly Disagree</i>
Maldon	1,830	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Heybridge	1,000	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Burnham-On-Crouch	450	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

- Q3 If you disagree, is there an alternative distribution of new housing which you would prefer?

There should be increased development in Burnham and North Fambridge - it is wrong that proposed development has been reduced in these areas and South Maldon increased, I feel it would be more appropriate to reduce the South Maldon proposed allocation an consider an additional site on the farm land to the West of the A414 between the A414/Spital Road Roundabout and the London Road over bridge. Thus reducing the impact of a major development spreading the "load" over a larger area.

- Q4 It is proposed to develop two Garden Suburbs in Maldon and Heybridge which will be comprehensively planned to ensure the provision of a mix of housing, community and educational facilities, open space and new transport provision.

Q13 The Council has produced an updated to support the Draft LDP which is available on the Council's website. Do you have any comments on this?

Its a lot of words that have been used by the Council &/or its agents to confuse the public, and to try to convince the public that this development is required. As you have limited space in other areas of this document - I wish to say that 40% social housing in the south Maldon development is outrageous and the Council should be warned that this is where they will have 90% of social problems in the future - social housing needs to be spread over a larger area and integrated into the community

Q14 Do you wish to comment on the *proposals map* or any other policies in the Draft LDP?

If so, please enter here which *Policy / Paragraph number(s)* you refer to **S2a**

Please enter your comments in the box below

Whilst a Northern relief road will help traffic at Spital road no consideration has been given to access to S2a on the map. At present Limebrook Way barely copes with traffic its impossible for traffic to join from existing estates has a very poor accident record it is a main access route from outlying districts a new southern bypass between the B1010 and Maldon road is essential This will give access to the site, spread traffic and noise, reduce emissions and aid the free movement of traffic

Q15 If you wish to make any other comments on the Draft LDP, enter your comments in the box below

I oppose to the S2a LDP as outlined for the following reasons, Loss of amenity, Loss of open space, Loss of green space, Loss of wildlife habitat - Rare Butterflies and Water Voles and possible Bats in the buildings to be demolished, Loss of farmland, The increased risk for flooding, Environmental Pollution from increased traffic. Major lack of access to this site, previous applications for have been refused by Essex Highways, as they do not want restrictions on Feeder Roads Spital Road and Limebrook Way already operate at max at peak times and are not fit for purpose, its extremely difficult for traffic to join Limebrook Way from the existing estates. The additional traffic this development will generate will overload existing infrastructure. It will have a high impact on Schools, Dr's, Police etc. Consideration needs to be given to additional traffic that will be imposed on Danbury. With poor connections to the A12 and Essex in general, Maldon i s not suitable for further development.
