Q13 The Council has produced an updated to support the Draft LDP which is available on the Council's website. Do you have any comments on this?

I really struggle to understand how, when buuilding and/or expanding towns and villages it can be argued to be sustainable. This, given the amount of energy required to prepare and build the development and then in regard to its ongoing (potentially 100 year) existance. Once the rural resource is built upon it is gone for ever, so is therefore unsustainable.

I came many years ago to this district from Romford, in order to obtain a better lifestyle and bring up my family in a rural setting believing that it would make better English inhabitants of them. This has occurred. I have seen what mass housing does in places such as Basildon, Croydon, Harlow, and Maldon will head the same way should this proposal occur. Councillors and officers are entrusted by the public to have the foresight and resolve to resist any fundamental changes to this corner of Essex, lest it finishes, in my lifetime, as a copy of South Woodham Ferrers or Chelmsfords Springfield area. The present District Council members will forever be held up in disgust and ridicule, as being spineless in the performance of their entrusted tasks of looking after the people who pay their salaries and in whom a belief exists that they would 'do it right' . "If you do not build it , then they will not come", and I beleive that that is what we want. Just dont do it!!
