Q13 The Council has produced an updated to support the Draft LDP which is available on the Council's website. Do you have any comments on this?

The baseline information given confirms my opinion on bad infrastructure, flood susceptibility, bad water quality and water pressure amongst many other points made. So my question is why do you want to built so many houses in an area that is quite obviously unsuitable? I can see that we need more affordable housing but 200 new houses in Burnham would suffice. Anything else would have a detrimental effect on people's life quality and the charming rural character of the town!
