As you are aware, all involved in sporting activities within the Drapers Farm Sports Club are severely limited in the extent of their activities by the size and dual/triple use of some areas of the land. In short we have had a need for more land for a number of years; the introduction of a significant additional number of units of accommodation in the area is merely going to add to our current problems. An increase in the number of homes in the Maldon and Heybridge area of 3000, is likely to increase the population for these 2 areas up by approximately 30%. This means that all local amenities need to be increased to support this growth. These will be needed particularly for the district sports club, as we want to ensure that all young people and people moving into the area can have an active lifestyle. At present, all the three clubs who use Drapers Farm have ambitions to grow further in the coming years.
