- Q2 In order to ensure the LDP will meet the requirements set by Government, the Council has reviewed the amount of development required to meet identified housing and employment needs over the next 15 years. As a result, it has been necessary to increase the proposed number of new homes from 3,000 to 4,410 and to allocate 8.4 hectares of additional employment land.

- Q3 The main urban areas of Maldon, Heybridge and Burnham-on-Crouch are considered to be the most appropriate locations for new housing. Following consideration of alternative options which are detailed in the Draft LDP , the following distribution is now proposed.

Do you support the proposed distribution of new housing ?

Settlement	Total number of dwellings	<i>Strongly Agree</i>	<i>Agree</i>	<i>No Opinion</i>	<i>Disagree</i>	<i>Strongly Disagree</i>
Maldon	1,830	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Heybridge	1,000	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Burnham-On-Crouch	450	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

- Q3 If you disagree, is there an alternative distribution of new housing which you would prefer?

There is no evidence that there is a need for more houses at anything like this level in any of these areas. Houses should be built where there is demand and where there employment opportunities. The proposal to create half as many jobs in 15 years as the number of houses planned in 5 years is farcical. It should be organic meeting market need in the places where the need arises or is likely to arise.

- Q4 It is proposed to develop two Garden Suburbs in Maldon and Heybridge which will be comprehensively planned to ensure the provision of a mix of housing, community and educational facilities, open space and new transport provision.

Boxing in the whole of the north and western outskirts of B-o-C with housing estates will hugely change the character of the area. Cycling or driving to farm shops is part of the nature of the area and filling all spaces with suburb will change this character greatly. The concept that there are people queuing for houses in Burnham or the other areas is just fantasy. Hopefully no builder will be stupid enough to build these houses. Empty unsellable houses will add to depression in any area.

Q15 If you wish to make any other comments on the Draft LDP, enter your comments in the box below

Give us evidence that there is demand for housing in these areas. No objection to small estates eg 20 houses where the demand exists but madness to impose huge developments on small towns where the demand is not evident. The new houses might sell but if that is not because of increased demand it will leave other houses empty in the towns. Not only will this depress housing prices but will depress the whole town as unoccupied buildings attract vandalism etc. The market must drive the supply of housing. Supplying housing will not attract the market. The market is simply not there in any of the place proposed here at anything like the level proposed.
