- Q2 In order to ensure the LDP will meet the requirements set by Government, the Council has reviewed the amount of development required to meet identified housing and employment needs over the next 15 years. As a result, it has been necessary to increase the proposed number of new homes from 3,000 to 4,410 and to allocate 8.4 hectares of additional employment land.

- Q3 The main urban areas of Maldon, Heybridge and Burnham-on-Crouch are considered to be the most appropriate locations for new housing. Following consideration of alternative options which are detailed in the Draft LDP , the following distribution is now proposed.

Do you support the proposed distribution of new housing ?

Settlement	Total number of dwellings	<i>Strongly Agree</i>	<i>Agree</i>	<i>No Opinion</i>	<i>Disagree</i>	<i>Strongly Disagree</i>
Maldon	1,830	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Heybridge	1,000	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Burnham-On-Crouch	450	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

- Q3 If you disagree, is there an alternative distribution of new housing which you would prefer?

In my opinion, the Maldon District as a whole is unable to sustain the high levels of new housing that are being suggested. The district is surrounded by water on three sides and has limited road infrastructure leading to main trunk roads in particular. The region has many environmental benefits that should be maintained. Maldon has no rail infrastructure and Burnham is near to capacity, limited by the single track line.

- Q4 It is proposed to develop two Garden Suburbs in Maldon and Heybridge which will be comprehensively planned to ensure the provision of a mix of housing, community and educational facilities, open space and new transport provision.

The Maldon district and Dengie peninsula need to be developed slowly in order to maintain the integrity of the region. The area is as stated before surrounded on three sides by water limiting access away from the area. Rail links are poor from the north side of the region. Road infrastructure is also poor. There are a number of reduced speed limits in place that are not adhered to, or policed in any way. Road widths at the Burnham Petrol station on Maldon Road and at Fords Garage in Althorne do not appear to be consistent with Manual for Streets 2. The footpath along Maldon Road in Burnham is inadequate. It is impossible to walk down the footpath with a push chair, a wheel chair or motorised buggy at the top end near the junction of Green Lane as the path has a telegraph pole in the middle of it. The path by the senior school is in such poor state of repair. I do not believe that Highways have carried adequate Traffic Impact Surveys or Stage 1 Safety Audits.
