Current road system does not sustain the number of houses, or the locations being proposed at Wyke Hill or Burnham. Wyke Hill & the Morrison's roundabout is already over congested at busy times, so further development in that area is not sustainable. Equally, traffic flow on & off the Dengie Peninsular is already a significant issue. Additional housing developments in Burnham requires a huge improvement to road system eg Latchingdon Bypass & road straightening on the Burnham/Althorne/SWF FIRST.

Q15 If you wish to make any other comments on the Draft LDP, enter your comments in the box below

Current road system - A414 into Maldon & Burnham Road to S. Woodham require significant back-up/alternative routing before any major housing developments can be considered.
Further retail or housing at Wyke Hill Maldon would clog up an already congested area and would affect the majority of residents already living in the town.
