

PART B

Reference is made to the appropriate Policy/Appendix numbers in the Draft LDP

- Q1 The overall vision is to improve the quality of life for people living and working in the District and to provide the new homes, jobs and infrastructure required to meet identified needs and support the local economy, whilst protecting the District's heritage and environment.

- Q2 In order to ensure the LDP will meet the requirements set by Government, the Council has reviewed the amount of development required to meet identified housing and employment needs over the next 15 years. As a result, it has been necessary to increase the proposed number of new homes from 3,000 to 4,410 and to allocate 8.4 hectares of additional employment land.

- Q3 The main urban areas of Maldon, Heybridge and Burnham-on-Crouch are considered to be the most appropriate locations for new housing. Following consideration of alternative options which are detailed in the Draft LDP , the following distribution is now proposed.

Do you support the proposed distribution of new housing ?

Settlement	Total number of dwellings	<i>Strongly Agree</i>	<i>Agree</i>	<i>No Opinion</i>	<i>Disagree</i>	<i>Strongly Disagree</i>
Maldon	1,830	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Heybridge	1,000	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Burnham-On-Crouch	450	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

- Q3 If you disagree, is there an alternative distribution of new housing which you would prefer?

Why are the majority of houses being targetted in a town with no station. It makes much more sense for these to be much more evenly distributed along the Southminster train line so there is access to the London mainline. Maldon does not have the infrastructure to cope with nearly 2000 new houses which could lead to 4000 or more new people in the town and 2-3000 cars.

- Q4 It is proposed to develop two Garden Suburbs in Maldon and Heybridge which will be comprehensively planned to ensure the provision of a mix of housing, community and educational facilities, open space and new transport provision.

There is an unnecessary amount of development south of Maldon bypass. The majority of development in Maldon District is concentrated in this area and will lead to a huge increase in traffic in the area. This area is environmentally important (Maldon Wick/Wycke Meadow) and will have a very negative impact on this ecological important area. The development needs to spread through Maldon District and NOT concentrated along the Bypass.

Q15 If you wish to make any other comments on the Draft LDP, enter your comments in the box below

The Draft LDP shows a disproportionate level of development in Maldon/Heybridge compared to other areas in the district. It would make much more sense to share this development out around the whole area and make use of the railway line to Burnham/Southminster. Maldon is such a unique town and will lose its identity and become a clone of all other medium sized towns if it increases in size. There is a real sense of community in the town and it will be lost. It would make much more sense to redevelop the brown field sites around the town as housing rather than ruining good greenfield areas. Any developments which do take place MUST have lots green areas and have native planting to support the wildlife and insects. We need wildflower areas not shrubs and gaps in fences and brickwork for hedgehogs etc. The local Wildlife Trust group (of which I am Chair) should be consulted for advice on any country park/green space planting etc.
