- Q2 In order to ensure the LDP will meet the requirements set by Government, the Council has reviewed the amount of development required to meet identified housing and employment needs over the next 15 years. As a result, it has been necessary to increase the proposed number of new homes from 3,000 to 4,410 and to allocate 8.4 hectares of additional employment land.

- Q3 The main urban areas of Maldon, Heybridge and Burnham-on-Crouch are considered to be the most appropriate locations for new housing. Following consideration of alternative options which are detailed in the Draft LDP , the following distribution is now proposed.

Do you support the proposed distribution of new housing ?

Settlement	Total number of dwellings	<i>Strongly Agree</i>	<i>Agree</i>	<i>No Opinion</i>	<i>Disagree</i>	<i>Strongly Disagree</i>
Maldon	1,830	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Heybridge	1,000	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Burnham-On-Crouch	450	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

- Q3 If you disagree, is there an alternative distribution of new housing which you would prefer?

It is difficult to comment as the plan has given no reference to either the number or demographic split of intended occupants. Certainly 450 houses within the Burnham-on-Crouch area are too many as this will remove the character of a small town which is the main attraction of new inhabitants and visitors to the town. In addition the infrastructure is already strained and further burden upon its valuable resources will further break what we already have.

- Q4 It is proposed to develop two Garden Suburbs in Maldon and Heybridge which will be comprehensively planned to ensure the provision of a mix of housing, community and educational facilities, open space and new transport provision.

Q13 The Council has produced an updated to support the Draft LDP which is available on the Council's website. Do you have any comments on this?

It is difficult to comment on sustainability as to date there has been no commitment to either numbers of people involved, support and infrastructure projects required to facilitate the LDP. Therefore by extension I have to commit my response to unsustainable.

Q14 Do you wish to comment on the *proposals map* or any other policies in the Draft LDP?

If so, please enter here which *Policy / Paragraph number(s)* you refer to **Most Policies are flawed**

Please enter your comments in the box below

The LDP "Consultation" is flawed and unfair. The questionnaire is too specific, do not deliver localized views (i.e. comments from Maldon re Burnham and vice versa), do not give any details as regards population movements and do not give any firm commitment to infrastructure including provisions of employment in the area in order to sustain any plan irrespective of it being 10 or 450 houses. The revised planning also now suggests areas which were once deemed inappropriate.

Q15 If you wish to make any other comments on the Draft LDP, enter your comments in the box below

The Electronic version of the LDP only provides a limited character space so that not all points of concern can be fairly responded to.
