Attn David Coleman – Strategic Planning Policy Manager

At the Parish Council Meeting of 1st October 2013 the Council discussed the above.
The Council wishes to make the following representations:

Members were strongly objected to the housing developments and that an increase in development in the Maldon District would increase the amount of traffic through the villages of Bicknacre and Woodham Ferrers. Infrastructure needs to be put in place to accommodate this and route traffic away from the villages, therefore Members also felt that Highways issues had not been addressed.

We also fully support the comments made by Danbury Parish Council.

Please acknowledge receipt.
